

AVIGILON HD DOME

1 MP H.264 HD Dome Camera

Remote zoom and focus for easy install. Simply mount and aim.

Avigilon's 1 MP H.264 dome camera provides incredible image detail in smaller settings such as offices, hallways and building entrances.

Much like our entire H.264 dome camera family, the 1 MP on the H3 platform is ONVIF compliant for no-hassle integration with Avigilon Control Center and other leading VMS software and installs quickly and easily with remote zoom and focus.

On-board Camera Features

- H3 Platform
- P-Iris Control
- Day/Night Function
- ONVIF Compliant
- Remote Focus & Zoom
- Adaptive IR

2 MP H.264 HD Dome Camera

Mount. Aim. Done. Quick install with remote zoom and focus.

Avigilon's 2 MP H.264 dome camera provides coverage suitable for office entrances, retail spaces, hotels and restaurants in HD detail with fluid motion.

The 2 MP H.264 dome camera operates on the H3 platform and is ONVIF compliant for no-hassle integration with Avigilon Control Center and other leading VMS software and installs quickly and easily with remote zoom and focus.

On-board Camera Features

- H3 Platform
- P-Iris Control
- Day/Night Function
- ONVIF Compliant
- Remote Focus & Zoom
- Adaptive IR

3 MP H.264 HD Dome Camera

Clear images in challenging lighting conditions.

Avigilon's 3 MP H.264 camera offers high-resolution wide dynamic range for monitoring large areas with a wide range of illumination in higher-than-HD detail with fluid motion.

The 3 MP H.264 dome camera is ONVIF compliant for no-hassle integration with Avigilon Control Center and P-Iris support allows the camera to maximize image quality in all lighting conditions.

On-board Camera Features

- H3 Platform
- P-Iris Control
- Wide Dynamic Range
- ONVIF Compliant
- Remote Focus & Zoom
- Adaptive IR

5 MP H.264 HD Dome Camera

Amazing resolution. Less bandwidth.

Avigilon's 5 MP camera is the highest resolution of the H.264 series and is suitable for monitoring large areas in maximum detail.

The 5 MP H.264 camera is ONVIF compliant for no-hassle integration with Avigilon Control Center and other leading VMS software and installs quickly and easily with remote zoom and focus. Optional IR illuminators provide optimal image detail in the dark.

On-board Camera Features

- H3 Platform
- P-Iris Control
- Day/Night Function
- ONVIF Compliant
- Remote Focus & Zoom
- Adaptive IR
